ABOUT ME

Computer Science student at Bina Nusantara University (BINUS), Cohort B28, interested in software engineering, particularly in full-stack web development, experienced in building projects using technologies such as Typescript, Node.js, React, SQL, and Docker. Currently looking to strengthen my software engineering skills and contribute to real-world projects.

EDUCATION

Binus University | 2024-2028 (Expected)

Bachelor of Science in Computer Science

Relevant Coursework: Algorithm and Programming, Data Structures and Algorithm, Software Engineering, Code Reengineering, Human and Computer Interaction, Software Architecture, Object Oriented Programming, Database Technology, Computer Networks, Artificial Intelligence, Algorithm Design and Analysis

SKILLS

- Programming Languages: C, C++, Java, Javascript, Typescript, SQL, Python, Dart, Kotlin
- Frameworks: React, Next.js, Node.js, Express.js, NestJS, Flutter, Prisma, Tailwind CSS
- Database/Infrastructure: PostgreSQL, MySQL, MariaDB, Firebase, RabbitMQ, MinIO
- Tools: Git, GitHub, Docker, Swagger/OpenAPI

PROJECTS

STROMEN | Video Streaming Platform

React, Tailwind CSS, NestJS, TypeScript, PostgreSQL, RabbitMQ, MinIO, Docker

A video streaming platform inspired by Netflix, consisting of multiple backend services for authentication, video management, and supporting infrastructure

LetsMeet | Organization-Corporate Partnership Platform

React, TypeScript, Node.js, Express, PostgreSQL, Prisma, Gemini AI, Docker

A web platform that connects student organizations with corporations through event-based partnership opportunities and AI-powered matching. The platform supports organization and corporate profiles, events, partnership packages, authentication, and match scoring with AI-generated reasoning.

Wukwembege | Food-Stall Event Management App

Firebase, Flutter

A mobile platform that connects event organizers with food vendors, enabling event creation, stall management, vendor applications, event discovery, notifications, and profile management.

WORK EXPERIENCE

Family Business

Financial Administration

- Maintained and organized business expense records using Microsoft Excel
- Helped maintain accurate financial records for business operations

Family Business

Cashier

- Handled customer transactions and cash payments
- Helped maintain accurate financial records for business operations
